**Overview:** The Annexation Review Process is a two-step process to evaluate annexation requests into the City of Fayetteville. Once the City Council has voted on an applicant's Step One application, a Step Two application can be submitted. The recommendation that the annexation request continue to Step Two does not imply that the City Council will approve the annexation application. The Step Two application must be submitted within one (1) year of City Council's vote on the Step One request. Step Two requires the submittal of detailed information as identified in the established rezoning process and the State Annexation Law.

Per State Law, once the application has been submitted to the City, nothing can be altered. The annexation property area and the requested zoning category may not be changed during the review process. In addition, if the annexation is approved, the development intensity may not be increased for one year after the approval date. For example, if a density of 2 units per acre is requested and approved in the Annexation application, the property cannot be rezoned or developed at a density greater than 2 units per acre within one year of approval. It may, however, be developed at a lesser density.

**Instructions:** All items identified below must be provided before a Step Two application is deemed complete. If the answer to any question is "No," a written explanation must be provided to explain the negative response. Once staff has deemed the application is complete and complies with the State Annexation Law, the annexation request and rezoning shall be heard together in two public hearings. The first required public hearing is with the Planning Commission, where they will make a recommendation to the City Council. The second public hearing is before the City Council, who will vote to approve/deny the request.
